2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Student Mentoring System In order to monitor and guide the students in their academics, University College of Arts has formed a Student Mentoring System. Two teachers per section/class are allotted for the purpose, and they will counsel and monitor the students regularly. This is a continuous process till the students complete their graduation. Apart from orienting the students in academics, they are also given guidance for higher studies and career opportunities. Many students have been securing admissions for their higher studies and many more enter job markets upon completing their graduation from our college. Objectives: The objectives of the Student Mentoring System in the college are: 1. To monitor the attendance of the students and to inculcate academic discipline. 2. To enable the parents to know about the performance and regularity of their children. 3. Improving the rapport between the teachers and students. 4. Providing counselling and guidance to students in academic matters. 5. Guiding students to choose suitable path for job or higher studies. 6. The system also aims to improve the attitudes and knowledge of the students towards learning process. Methodology : 1. Every section/class has two mentors and each mentor will get around 30- 35 students for mentoring. 2. Attendance of the students is taken in every class during the first five minutes and at the end of every month, names of students who have shortage of attendance will be posted in the notice boards of the respective department. Parents of the more irregular students are called in to the college by the Principal to inform them regarding the irregular attendance of their wards. 3. The mentors meet such students and counsel them to attend the classes regularly. 4. Sometimes, the Parents/Guardians of poor attendee/performance students are called to meet the mentors and corrective and preventive measures are implemented for further improvement. 5. Meetings are conducted by the Principal with HODs to review the punctuality and regularity of the students. 6. The Student Mentoring System works in tandem with the Disciplinary Committee, Career Guidance Cell and Anti-Ragging Committee of the college to monitor the students in the campus. 7. After the declaration of the results of the respective semesters, the mentors go through the results of the students. Good performers in each class are counselled individually to keep their performance on the path of progress every semester. Low learners are counselled individually to grow better. 8. In the Final year, care is taken to guide the students for higher education and job opportunities. Outcomes of the system: 1. The attendance of the students is regular. 2. There is a good rapport between the students and teachers in the college. 3. Many students go for higher education and jobs soon after their graduation. 4. The academic performance of the college has grown progressively. 5. The college campus has become a disciplined, ragging-free campus.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Reforms Initiated on CIE As a part of the Continuous Internal Evaluation (CIE), University College of Arts conducts Internal Tests on a regular basis in each semester. Normally, internal tests are of one hour duration. However, at the end of the semester some departments conduct an internal assessment cum preparatory examination of Three Hours' duration, keeping in mind the university examination. These exams are conducted in conformity with the rules prescribed by Tumkur University. Apart from Internal Tests and Preparatory Tests, Assignments are also assigned to students in order to improve their creative, logical and writing skills. The pass mark for each subject is 40. While finalizing the internal marks, equal weightage is given to all the internal exams conducted and assignments submitted by the students. Information with regard to the Final Internal Marks is communicated to the students by displaying the marks by the respective departments on their notice boards. This helps to address discrepancies, if any. The internal tests are conducted after the conclusion of every unit in each subject/paper. This helps the students to stay focused on academics throughout the semester. Instead of having a series of internal tests, this method relieves the students from the burden of and the anxiety about examinations. Also, since these tests are conducted soon after the completion of each unit/chapter, the performance of the students helps the concerned teacher to assess the impact of teaching as well. Attending the internal test is mandatory. If, because of some serious issues, a student fails to attend an internal test, separate exam will be conducted for such student.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic Calender University College of Arts, since it is a constituent college of Tumkur University, has prepared Academic Calender in accordance with the University Calendar. Following are the Salient Features during every academic year: 1. There will be 90 teaching days in every semester, as per the norms of the University, barring General and Public Holidays. In case, if some working

days are lost due to some pressing reasons, additional classes will be conducted during leisure hours to make up the loss. 2. There will be internal tests at the end of every unit/chapter and preparatory tests at the end of the semester. 3. To balance extracurricular activities with academic activities in every semester, it has been decided to some extracurricular activities during odd semesters (1, 35) and some activities during the even semesters (2, 46). 4. In addition to the celebration of National Days, some other special days are observed in the college: Environmental Day, International Women's Day, and International Mother Tongue Day etc, to create awareness among the students. 5. Special Lectures will be conducted by every department at least once in every semester. 6. Students' seminars will be conducted at classroom level in every semester. This will help the students to reduce their stage phobia and increase their public addressing skills. 7. The college functions on shift basis every day. Morning sessions are allotted to Commerce and Management classes. Therefore, Commerce and Management Students will involve in extracurricular activities in the Afternoon. Since BA students attend classes in the Afternoon session, they do extracurricular activities in the Morning. This ensures a proper balancing of both curricular and co-curricular activities for all courses.
